

Coastal Helicopters Inc.

Available Positions

All employees will experience some cross training throughout the season but your assigned job will be your primary position. We encourage the development of inter-company empathy regarding our various jobs and believe that a better knowledge of the operation as a whole will only help.

All jobs will have mandatory paid training days prior to your first day of work to insure a uniform understanding of proper operations.

(Check any positions of interest)

_____ **Tour Attendant** - The Tour Attendants' primary responsibility is the passengers' well being. You'll be responsible for loading and unloading groups of tourists from the aircraft, as well as insuring that they are properly prepared for the experience. Assisting in the gear evaluation of each individual tourist and deciding if they need additional apparel from our gear supply will be a daily task. The responsibility of keeping a clean and professional looking work environment will fall primarily to Tour Attendants and you will be expected to have a pleasant and conversational demeanor with all passengers. Overseeing and escorting groups of tourists while in the process of loading and unloading will be your number one priority.

_____ **Dock Representative** - The first face of the company that any customer will see is the Dock Representative. You will be stationed downtown for the duration of the workday and will be responsible for gathering passengers in a crowded and dynamic environment, rain or shine. A strong personal presence and loud voice will be helpful. Along with gathering passengers, you will be assisting Drivers with the loading and unloading of guests each time a group joins us.

_____ **Driver** - This is exactly what the title implies. You will be responsible for the basic maintenance and cleanliness of a company vehicle each day and will provide transportation to and from the downtown area to our base near the airport. A clean driving record is required and developing a strong knowledge of local sights and facts is expected.

_____ **Tour Operations** - Each passenger must be weighed and entered into the system in order to properly manifest and balance the aircraft. Using our company software, you will arrange and produce seating assignments for each group of passengers. Additionally, you will be in charge of collecting payments on some tours and basic gift shop sales. Office Staff will assist in the co-ordination of all arriving and departing tourists by keeping Dock Representatives up to date with current information as the day develops, staying in contact with Drivers as they transport groups to and from our base, and making sure Tour Attendants quickly and accurately load/unload aircraft.

_____ **Reservationist** - Help fill the seats with eager passengers! Talk with sale reps from local vendors and communicate with international booking agencies via phone, e-mail and extranet access to help make booking guests a smooth and enjoyable experience. Pre and post season employment available, excellent communication skills are a must! All bookings taken using in house software, all training provided, computer skills preferred.
